THE NOVEMBER ELECTIONS.

MAGNITUDE OF DEMOCRATIC SUCCESS. MANY REPUBLICAN STATES REVERSING THEIR USUAL VOTE - KANSAS, MICHIGAN, COLORADO AND NEVADA GO DEMOCRATIC-THE RESULTS IN OTHER STATES.

Additional returns of the November elections increase rather than diminish the magnitude of the Democratic success. The estimated majority for Grover Cleveland in this State is 175,000. In Pennsylvania Pattison is elected by 32,000 plurality over the Cameron candidate, General Beaver. In Massachuseets General Butler's plurality is over 13,000, the Republican plurality on the rest of the State ticket being over 16,000. In Connecticut, Waller, Demoerat, has a majority of over 2,500 and a plural-Ity of over 4,000. In New-Hampshire, Hale, Republican, escaped defeat by the narrow margin of about 200 votes. In Kansas, Governor St. John has probably been defeated, and the Democrats claim to have carried Colorado, Nevada and Michigan. The Readjuster party claim Virginia, but the Democrats have not entirely abandoned hope of the defeat of Mahone. There remains no doubt that the Democtats have secured control of the next Con-

PATTISON'S PLURALITY ABOUT 32,000. BETURNS COMING IN SLOWLY-WHY THE INDE-PENDENT REPUBLICAN VOTE FELL BILOW THE

ESTIMATE—CAMERON AND MUTCHELL AT HOME.

IFROM A SPECIAL CORRESPONDENT OF THE TRIBUNE.

PHILADELPHIA, Nov. 8.—The returns from this State come in very slowly. It will be three or four days before complete returns are received from all the counties. In this city the plurality for Beaver for Governor is 3,604, which with the returns received at this writing from other parts of the State Indicate a plurality for Pattison in the State of

about 32,000. The total vote has not been as large as was expected, many counties showing a light vote. In this city, where extraordinary efforts were made to poli the full vote it fell 80,000 short. Undoubtedly the stay-at-home voters this year were nearly all Republicans, who were disgusted with the machine, but who did not think it necessary to vote for

Considerable surprise is expressed at the light vote polled by Stewart, the Ind-pendent candidate for Governor. It will probably not exceed 75,000 in the State, and may not reach that figure. In this city the vote for Stewart is 8.085, against 14.722 votes cast last year for Wolfe. This is due to the fears of the Independent Republicans that the Labor vote might draw off enough Democrats from Pattison to elect Beaver, and who therefore voted for Pattison, and also because thousands of Republicans who sympathized with the Independent movement did not come to the polls. The schemes of the Cameron Committee to arouse race and religious prejudices against Pattison, and the open aid given by ring Democrats to Beaver, also incited Independent

Republicans to vote for Pattison.

The result shows that Senator Mitchell's home influence is much greater than that of Senator Cameron. Tioga County, one of the banner Republican counties in the State, and the home of Senator Mitchell, gives a plurality of about 500 for Stewart. The XIVth Congressional District, which is the one In which the Camerons reside, and which is new represented in Congress by Samuel F. Barr, the former rivate secretary of Senator Camet 2, has been car-ried by the Republicans by a small majority. This shows a Cameron loss of several thousand votes in that discrict. Russell Errett, another former employe of the Camerous, has been defeated for Congress in the XXIId District, in which the Repub-

Bean majority has hitherto been large. Before they went home this morning Chairman Cooper and M. G. Quay finally gave up the State. Evidently Quay does not feel very bad about it. He is said to have recovered this year what he lost pecuniarily in conducting the previous Cooper sent his regards to Beaver, but the General did not respond. One of his friends here,

did not respond. One of his friends here, however, asserts that Beaver will not sell out his interest in the iron works for fear of the effect of the election on the tariff laws.

Mr. Pattison conducts himself modestly and is not disposed to claim the result as a Democratic victory. The universal opinion is that the result disposes of the Cameron-Arthur combination in this State, but fears are expressed that Cameron will still exert his influence in wrecking the party.

In this city Keim (R-p) was elected Sheriff by a plurality of 8,915; Rex (Ind. Rep.) was elected Register of Wills over Kinsey (Cameron Rep.) by a majority of 8,27; and Irvine (Rep.) was elected (City Ireasurer by 1,557 majority.

AN ESTIMATE OF PATTISON'S PLURALITY.

AN ESTIMATE OF PATTISON'S PLURALITY. PHILADELPHIA, Nov. 8 .- Official and estimated returns from every county in the State except Eik and Forest give Pattison, Dem., for Governor, \$2,122 plurality. WHAT THE ELDER CAMERON THINKS.

PHILADELPHIA, Nov. 8 .- General Simon Cameron, who came to this city to-day to attend the Historia cal Society dinner, had a conversation with ex-State Secretary Quay and Chairman Cooper regarding the Republican defeat in the State. General Cameron did not think it was such a defeat for his son and some people imagined. All his friends running for the State Legislature were, so far as he knew elected and he believed, if Donald desired it, he could succeed himself in the United States Senate. The defeat of the Republican party in the State would have a had effect, because it would keep both parties apart. They could never, in his opinion, unite, and would releat each other when occasion ren-dered it necessary by voting with the Democrats.

THE CONGRESSIONAL DELEGATION. THE DEMOCRATS GAIN FIVE MEMBERS-BARR DE-

FEATS MCCORMICK BY A SMALL MAJ RITY. HAURISBURG. Penn., Nov. 8 .- The Pennsylvania Congressional delegation will stand 15 Republicaus and 13 Democrats, including the Congressman-at-Large. In the present Congress the Republi

THE LEGISLATURE REPUBLICAN

Hanrisbung, Penn., Nov. 8 .- Returns from the Legislative districts are too meagre to form a correct estimate of the complexion of the next Legislature, but it is believed the Republicans will have 10 ma fority in the Senate and the Democrats a majority of from 3 to 5 in the House, thus giving the Kepubhaans a small unjority on joint ballot. The last Senate stood: Republicans 32, Democrats 18, House-Republicans 122, Democrats 79.

MASSACHUSETTS.

necticut on luesday, as	snown by	the retail	THE STATES
every town, is:			
Bulkoley Counties, (Hep.) Hartford, 11,982 Hew-Haven, 13,095 Fairfield, 9,530 Windham, 3,650 New-London, 6,026 Litchfield, 4,709 Mindlesex, 3,490 Toliand, 2,390	Waller (Dem.) 12.477 16.915 10.181 2.285 6.155 5.571 3.334 2.102	Rogers (Temp.) 93 140 117 62 203 71 90 66	Tanner (G'b'k.) 229 171 53 3 70 27 36 1
Total 54,872	59,020	851	590

The total vote of the State is 115,333, or 17,430 less than at the last election for Governor. The Republican vote for Governor falls off 12,198 and the Democratic vote falls off 5,273. Waller's majority this year 2,707 and his plurality 4,148. The Assembly will lack one representative, owing to a tie to be decided by the Legislature. It stands 138 Republicans and 110 Democrats, a Republican majority of 28. The Senate is 13 Republicans and 11 Democrats, For Congress, Eaton, Dem., in the Ist District has a plurality of 713; Mitcheil (Dem.), Hid District, a plurality of 1.826; Waite (Rep.), Hid District, a plurality of 1.816; Waite (Rep.), Hid District, a plurality of 1.615, and Seymour (Dem.), IVth District, a plurality of 1.453.

The Republican candidate for Controller, General Frank D. Sloat, is probably elected. His name was on a ticket circulated by a German society, and he is popular in Grand Army and other social organizations. He ran shead of his ticket generally.

NEW-HAMPSHIRE.

ESTIMATE OF HALE'S MAJORITY.

CONCORD, Nov. 8 .- Revised and corrected returns of 225 towns give Hale (Rep.) for Governor, 37.540; Edgerly (Dem.), 36.174, and scattering, 921; Hale's plurality, 1.366; majority, 445. Of the eleven remaining towns the majorities in five have been received, which, with the Governor vote of 1880 for the remaining six towns, give Edgerly 170 majority, making Hate's majority 257. This majority probably cannot be reduced below 250, and may reach 300.

The Senate stands: 11 Republicans and 4 Democrats. One district makes no choice, and two districts are in doubt, the Republicans will have about 65 majority in the Legi-lature, and 4 of the 5 conneillors. Haynes and Ray, the Republican candidates for Congress, have about 2,000 plurality

WILLIAM WALTER PHELPS'S MAJORITY. Passaic County complete gives William Walter Phelps. (Rep.,) for Congress, in the Vth District, 6,373; Ryle, Dem., 5,765; Phelps's majority, 608. Mr. Phelps's majority in Morris County is 836, and in Bergen 154, making his majority in the district 1,598.

MCADOO'S SUPPORTERS SURPRISED. The complete returns of the election in the Vilth Congressional District increase the majority of Mc-Adou, Democrat, to 3,500, a result entirely unexpected even by himself or his most sanguine supporters. The first returns received indicated his election by a small majority, but when the gravel trains came in one after another the majority was swelled to unexpected figures.

FARRELL'S MAJORITY OVER 1.500. CAMDEN, N. J., Nov. 8 .- Farrell in the Ist District, will have from 1,500 to 1,700 majority over

KEAN'S VICTORY OVER MILES ROSS Complete returns from Union County give Kean Rep.) for Congress in the HIId District 5,006; Ross Dem.) 2.714, and Urner (Greenback) 2.010; Kean's plurality, 2,292; majority, 282. Middlesex gives Kean about 1,156, and Monmouth gives Ross about

1.000, leaving Kean's net majority in the district about 2,300. Ross and 2,700 in 1880. HOWEY'S NET MAJORITY ABOUT 1,200. Somerset County complete gives Howey (Rep.) for Congress in the IVth District 608 majority. Howey has 600 majority in Hunterdon and 100 in Warren. Sussex gives a small majority for Harris, leaving Howey's net majority about 1,200.

HOW FIEDLER'S MAJORITY WAS GAINED. The returns from the VIth District, comprising Essex County, give Fiedler, Dem., 2,407 majority over Blake. The Republican wards of Newark failed to give their expected majorities, and the townships in the district fell short of expectation in their vote. In Orange, Montclair and East Orange, the great body of Republican voters are New-York business men, and the failing off in these townships indicates that these voters had been affected by the party discontent in New-York, and felt indifferent about going to the polis. Fiedler's majorities in Newark were all obtained in Irish and German dis-

RETURNS FROM THE COUNTIES.

Great surprise is felt in Jersey City over the fact that the Republicans elected only three of the ten Assemblymen in Hudson County. John C. Hughes (Dem.) was elected Coroner by a majority of 1,954 over Ivins D. Applegate. John W. Briggs (Rep.), for State Senator in Passaic County, has 187 majority. Assemblymen are elected by the following majorities: Ist District, C. W. Mills (Rep.), 385; Ha District, P. H. Shields (Rep.), 387; IIId Dis-trict, W. F. Gaston, (Rep.), 798; IVth District, Thomas Flynn (Dem.), 1,044.

In Union County, for the Assembly, Byrnes (Dem.) has 1.305 majority, Woodruff (Rep.) 409 majority, and Sheldon, Rep., 230 majority. Voesseler, Dem., is elected County Clerk by 1,014 majority, Gerber, Dem. Surrogate by 700, and Dr. Grier, Dem., is elected Mayor of Elizabeth City by 346 majority. The Council remains Republican, and two Republicans for Freeholders are elected. and two Republicans for Freeholders are elected. Smith's, Dem., majority over Merritt, for the Senate in Burlington, is about 800.

Sussex County gives Lewis Cochran, Dem., for State Semtor, 171 majority; William E. Ross, Dem., for Assembly, 281, and Henry S. Harris, for Congress 174.

THE LEGISLATURE. The names of the members of the new Legislature ecording to the latest returns are given below (Re-

In the Senate the Republicans have a majority of 3. but in the Assembly the Demograts have a majority of 6, not counting the Assemblyman who is classed as an Independent, and one district being in doubt. On a joint ballot therefore, for the election of a successor to Sepator McPherson, the Democrats will have a majority of from 1 to 5.

ARKANSAS.

DEMOCRATIC BY A LARGE MAJORITY. THE REPUBLICANS HAVE HOPES OF ONE CON-

GRESSIONAL DISTRICT. LITTLE ROCE, Ack., Nov. 8 .- A light vote was polled everywhere on Congressmen, the only officers elected yesterday. In this city Cunningham, Greenbacker, for Congressman-at-Large, for whom Republicans also voted, received 1,155. and Breckenridge, Dem., 802. Benjamin, Rep., for Congress from the HIId District, received 1,215 votes, and Rogers. Dem., 762 votes. Pulaski County will probably give a Republican majority of from 1,200 to 1,500. The Republican State Committee are of the opinion that if the same proportionate decrease holds good throughout the district, Benjamin has no chance, but there is little doubt of Rogers's but there is little doubt of Rogers's election by a good majority. Scattering returns from the Hd District, the only one that was hotly contested, show a considerable falling off in the vote as compared with the September election, but indicate the reelection of Jones, Dem., by several hundred majority, though the Republicans claim it by a small majority for W linams, who received a periton of the Greenback votes. Jefferson County is claimed for Williams by 3,500 majority, but is reported by the Democrats as giving him less than 2,000, a reduction which the Democrats claim cannot be overcome. Dunn, in the 1st, and Peel in the IVth District, both Democrats, were practically without opposition, Dunn's opponent having withdrawn, and Peel's only opposition being one Independent, who received but few voes, Breckenridge, Dem., for Congressman-at-Large, is elected by a large majority.

ALABAMA.

THE CONGRESSMEN ALL DEMOCRATS. MONTGOMERY, Ala., Nov. 8 .- The only real contests in this State for Cougressmen were between Herendon, Dem., and Smith, Rep., in the 1st District; Herbert, Dem., and Rice, Rep., in the 1Id; Shelley, Dem., and Craig. Rep., in the IVth; and Pryor, Dem., and Shelby, Rep., in the VIIIth. All these districts have gone Democratic. The IIId District elects Oats, the Vth Williams, the Vth Hewitt and the VIIth Forney. Mr. Pryor will be the only new member. Shelley is also elected to fill out the term in the present Congress, from which he was ousted by the Republicans in favor of J. Q. Smith, who died before taking his seat. A special election will have to be ordered in the VIIIth District. It requires thirty days' notice of an election, and there was not time after Congressman Lowe's death to give it.

CALIFORNIA.

DEMOCRATS ELECT THE STATE TICKET. ONE REPUBLICAN CONGRESSMAN PROBABLY

CHOSEN-THE LEGISLATURE CLOSE. SAN FRANCISCO, Nov. 8 .- The collation of the returns shows that the Democrats have carried the State ticket by a handsome majority, probably 5,000, and have elected all their Congressmen, except in the Hd District, where Page is probably successful, although the contest is close. The Democrats have made a clean sweep of the San Francisco municipal ticket, with the possible exception of the Mayor The figures vary on the Mayoralty and it is not certain at present who is ahead. The Legislative re-turns are very meagre, but it is probable that the Democrats have a working majority in both houses. The Prohibition ticket cut no figure.

A CLEAN DEMOCRATIC SWEEP. SAN FRANCISCO, Nov. 8 .- Further returns indicate that Stoneman's majority in the State at large will reach 13,000. The Democrats make a clean sweep of the State and Congressional tickets, Page's defeat being now assured by defections in Alameta, Sacramento and San Joaquin Counties, Continued on Fifth Page.

GLADSTONE ON THE CLOSURE RULE. ONTINUATION OF THE DEBATE IN THE HOUSE OF

COMMONS. LONDON, Nov. 8 .- The House of Commons this afternoon resumed debate on the closure question. Mr. Gladstone, speaking in opposition to Str Stafford Northcote's amendment for the rejection of the Closure rule, said the proposition before the House was that, after having considered the first resolution seventeen nights and taken seventeen divisions, they should now entirely dismiss the resolution to oblivion and lose the fruits of their labors. He added that the public outside do not trouble themselves about the details of the measure, but only desire less talk and more work. The public were unable to reconcile the redundancy of talk with the paneity of results. With regard to the Irish party, Mr. Gladstone said he believed that a complete and effective system of rules was essential for meeting the wants of Ireland. There was no subject in which he felt a more profound interest than local government for Ireland, but it was mockery for the Irish members to come into the House and tell the Government to establish local government in Ireland when they did all in their power to narrow the time for discussion, by which alone such legislation could be enacted and given to Ireland. Mr. Stanpope, Conservative, denounced the closure and charged Mr. Gladstone with bidding for the frish vote by his talk about Irish self-government, for which his affection was only of recent birth.

With regard to finances, the Government wil; be solely occupied with the general interests of the country, and will approve the thancial system of M. Tirard. It will resolutely urge the adoption of laws upon military organization. The relations of France with the Powers, it will say, are satisfactory, and the foreign policy of France will be one of neither provocation nor abdication.

RIOTING IN VIENNA SUBURBS.

VIENNA, Nov. 8 .- Large bodies of journeymen shoemakers to-day paraded for nearly five hours through the streets of Neubau and Josefstadt, suburbs of this city, shouting and acting in a riotous manner. They stoned the troops sent to clear the streets, and the soldiers had to charge them with bayonets in order to disperse them. Three persons were severely wounded, and many others were slightly hurt. Stones were hursed at the troops from the windows and roofs of houses.

SENOR CASTEL AR'S POLITICAL VIEWS. MADRID, Nov. 8 .- Senor Castelar will shortly publish a manifesto to the constituencies advising the Democrats to take an active share in the legal struggle, which is to be recommended as the best means for d veloping political education of the Democracy. Senor Castelar states that experience has taught him to proimments of England and the United States, and proclaims his depublican connections and aspirations. He and his friends will pursue their way toward a steady, sould Republic. He would like to place smidst the confusion of parties one flaed, steady ralleing poin for all Democratic schools. He repels all idea of c-alifon with the extreme Republicans, even for electoral purposes. The manifesto is signed by eighteen Deputies and Senators.

FATAL EXPLOSION OF A POWDER MILL. WINDSOR MILLS, Quebec, Nov. 8 .- The press miles in connection with the powder company were blown up to day. One main named John Randall was killed. The mill where the powder was grained and this exploded the mill containing the press and cylinder, which was eight feet distant. Both buildings were completely destroyed. About six tons of powder exploded, ten acres of ground being covered with the debris. John Randad was the only man in the mill, and he was blown to pieces. The other workmen were at dinner.

THE COLOMBIA CONSULAR SERVICE.

PANAMA, Oct. 28 .- The Colombia Executive has made a sweeping change in the diplomatic and consular service. The first-class legation in England and the confidential agency at the Vatican are suppressed The ambassador in France will take charge of a secondclass legation in London. The Spanish Legation will still be considered as a first class one. The present Scoretary of Legation in England will remain in office as Second class Secretary in France and England. The Consuls at Liverpool. New York, Have, Southamton, Hamburg and Sant Namaire will receive no salary, but will be allowed to rotain the fees.

PANAMA, Oct. 25 .- Mail dates from Lima are to October 17 and from Ch li to October 6. On October 3 it was semi-officially announced in Santiago that the negotiations with Calderon, in which Minister Logan has taken part, were definitely broken of, in conse quence of it proving impossible for an agreement to be reached with respect to the future boundaries. The Peruvian representative, Garcia Calderon, then refused to continue negotiations unless the cossion of Tarapaca were alone to be spoken of ; otherwise he prefered to re main quiet. This was equivalent to reverting to the loans proposed at the conferences at Arica prior to the Tuena and Litna campaign. Subsequently Garcia Cal-Thems and Lima campaign. CONTROL OF THE METROPOLITAN. DIRECTORS ELECTED IN THE INTEREST OF THE

KNEELAND PARTY. The control of the Metropolitan Elevated

Railroad Company passed yesterday into the hands of the Kneeland party, which has controlled the stock for about eighteen months. The last previous meeting of the steckholders was held in July, 1881, when Russe Sage became president and Sylvester H. Kneeland vice president. In the following October conference con mittees from the three elevated railroad companie agreed to modify the lease to the Manhaitan so that the To this action Mr. Kneeland and other stockholders, wh claimed so hold a majority of the stock, objected orcible terms, and they attempted in various ways prevent the change in the existing contract by which the Metropolitan was lensed to the Manhattan Ratiwa Company. , Jay Gould, Bussell Sage, Cyrus W. Recently conferences have been held, looking tow ard a compromise of the quarrel, but they have been a idle as previous attempts to force a settlement.

At the meeting yesterday the stockholders' ticket wa elected by a heavy majority. The election was made not without bitter opposition, and the lawyers who were present redeved the monotony of the proceedings present redeved the monotony of the processions of the interchange of professional pleasantries. Less than one-half of the same capital was voted on and almost without exception the votes were objected to by one side or the other. The total vote cast was 32,420 shares, of which the stockholders ticket received 27,174 votes and the regular ticket 5,246 votes. The following are the directors elected: Josepa S. Shout, Jacob Berry, Elijan Smuth, Thomas T. Enckley, Rufus H. Gibert, Sidney Shepard, Joseph N. Buranam, Mordio H. Gillett, Charles Dungin, Sylvester H. Kneeland and Eenjamm W. Gillett. At a meeting of the new board Mr. Kneeland was elected president and Mordio H. Gillett vie-president. John E. Boly continues as secretary and treasurer. David Dunley Field was present at the meeting as counsel for the former directors, and Kobert Sewell for the Kneeland increast. None of the stock conversed into Manhattan second preferred, of course, was voted on, but in addition to this a large amount of stock was diffranchised, on account of the mability of the owners to transfer it on the books of the company recently. In this way hearly 10,000 shares belonging to Mr. Kneeland were deprived of voting jower and about as much more that was objected to is said to be held in the same interest. For these reasons the total vote represented less than one-half of the capital stock of the company. dean party, and thereby enable it to resist the attacks | the interchange of professional pleasantries.
